Put Knee, Back or Shoulder Problems in the Past

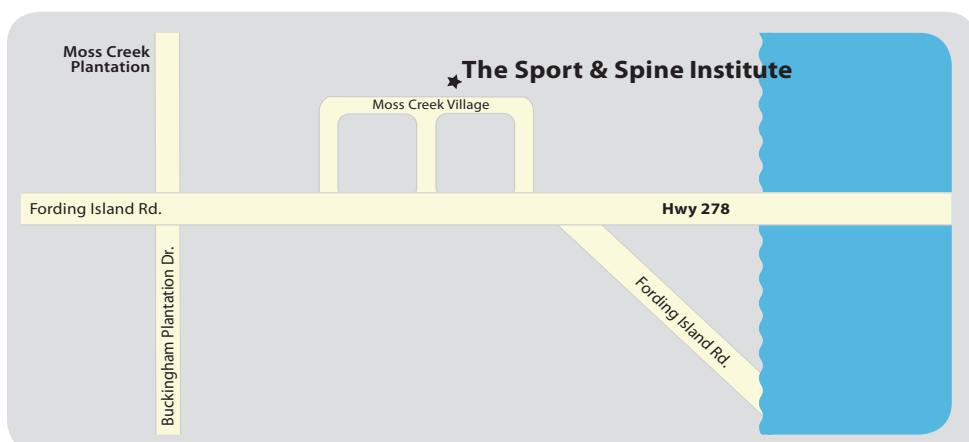

The Sport & Spine Institute

Comprehensive Orthopaedic Care, All Under One Roof

- On site MRI, XRay, medical equipment, and both orthopaedic and spine specialists.
- On-site physical therapy focusing on preventative and rehabilitative services as well as training for crutches, walkers, braces, and other supportive devices as needed.
- No appointments necessary at our Orthopaedic Prompt Care Center where individuals are seen immediately for sport, work, or accident related injuries.
- Reduce travel time and long waits.

The Sport and Spine Institute has been founded by some of the islands leading healthcare professionals who recognize a gap in services where patients could receive high quality, all-in-one orthopaedic health care catering to athletic injuries, musculo-skeletal disorders and spinal problems. The Sport and Spine Institute is committed to providing convenient, comprehensive orthopaedic care in a compassionate, patient focused environment.

Committed to Saving the Patient and Healthcare System Time and Money.
